

# Horse Tales: Crip Creativity, Intersectionality, Service Animal Protocol

W/we hope to use this shared time to explore the intersection of disability, intimacy, kink, and power exchange. Please use the boxes below to record your own ideas, as well as others' thoughts throughout your discussion.

**How would you describe your kink identity?**

**What comes to mind when you think of disability?**

## Disability and kink

How does disability show up in your kink lives?

What have you had to learn or unlearn about disability from your family/culture/country of origin?

Do you feel differently about mental health disabilities than physical health disabilities? Why is that?

What has kink taught you about navigating disability?
